COMMUNITY UPDATE

NBN FIBRE UPGRADES

Ventia, on behalf of nbn®, is wrapping up upgrades to the fibre network in some selected parts of the Kellerberrin area for future premises connections.

WHAT'S HAPPENING?

nbn® is upgrading their Fibre to the Node (FTTN) networks to Fibre to the Premises (FTTP) technology, also known as nbn® full fibre.

FTTP offers faster and more reliable internet compared to FTTN as fibre optic cables will run directly to the premises, eliminating the use of copper wire.

WHAT WORKS ARE TAKING PLACE?

- Lifting pit lids
- Cleaning out pits and ducts
- Assessing cables and conduit capacity within the existing network
- Hauling of fibre cables
- Digging down to expose buried pits and conduit
- Repairs to blockages in conduits and replacement of damaged pits
- Pit upgrades, followed by directional drilling, trenching
- Temporary road/footpath closures with some noise and dust
- Restoration in two stages: temporary daily and final restoration as soon as possible

NOTICE DAMAGE OR A MESS?

PLEASE CONTACT VENTIA DIRECTLY

If you have any concerns regarding:

- Property damage
- Untidy or unclean work sites
- Restoration of footpaths, verges or roads
- Noise, dust or disruption
- Any other concerns relating to the works

A clean up crew will go around after all the works are done to clean up.

Ventia is managing these works on behalf of nbn®.

Warren Good
Field Manager
0438 685 512
warren.good@ventia.com

For all enquiries, damage or clean up concerns, please contact Ventia directly.
The Shire of Kellerberrin is not responsible for these works.

NATIONWIDE AUSALERT MOBILE PHONE TEST

27 JULY 2026

AusAlert is a new national warning system that uses the latest technology to send emergency messages to compatible mobile devices.

It's a fast and reliable way to help people be informed and better prepared during local and national emergencies.

On Monday 27 July 2026, at approximately 12:00 noon AWST, a test alert will be sent to all mobile devices in Australia.

This includes most phones, and some smart watches and tablets.

WHAT TO EXPECT

- At the time of the test, a single Critical AusAlert test will be sent to every mobile device in Australia.
- Everyone with a compatible phone or other device in Australia can expect to receive the alert.
- Devices will vibrate and play a siren-like warning sound for about 10 seconds.
- An AusAlert message will appear on device screens. It will clearly say it is a test. Exactly how it appears will depend on your device type and operating system.

IT WILL LOOK SOMETHING LIKE THIS:

For more information about AusAlert, visit
www.ausalert.gov.au

2026 CENSUS NIGHT

TUESDAY 11 AUGUST 2026

The Census is Australia's largest survey of our population and housing.

EVERY ANSWER MATTERS.

From late July 2026, households will receive instructions on how to complete the Census.

You can complete the Census as soon as you get your instructions, if you know where you'll be on Census night.

Most households will get a letter with instructions to complete the Census online.

If you get instructions to complete online but would prefer a paper form, you'll be able to request one.

Some households will get a paper form.

Once completed, return it using the Reply Paid envelope provided. There are instructions on the form if you would prefer to complete it online.

Some people living in remote areas and people experiencing homelessness will have help to complete their Census from one of our Census field staff.

You need to complete the Census wherever you are staying on Census night.

For more information visit www.info.census.abs.gov.au

Census

For generations, sport and recreation have brought the Kellerberrin community together. From the Harness Racing Club, which has been part of the town for over 100 years, to the Recreation Centre and local sporting clubs, these places have created opportunities for competition, friendship and connection. They are more than just facilities—they are where memories are made, achievements are celebrated and community spirit thrives.This mural celebrates the community spirit that continues to unite and strengthen our town.

RECREATION

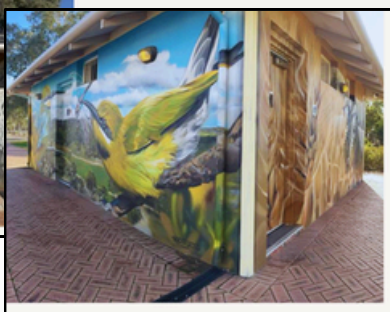

AGRICULTURE

Agriculture has played a vital role in Kellerberrin's story for generations. Surrounded by productive wheat and grain-growing country, the town has grown alongside the agricultural industry that helped establish the Wheatbelt region. From the first settlers to modern farming practices, agriculture continues to shape the landscape, economy and identity of our community. This mural celebrates the important role farming has played in the development of Kellerberrin and the wider Wheatbelt.

LANDSCAPE

From the iconic Kellerberrin Hill to the vast Wheatbelt skies, our landscape is a defining part of who we are. The name Kellerberrin is believed to be linked to the Berrin Berrin, or rainbow bird, which has long been connected to the area and its Aboriginal history. Standing proudly over the town, Kellerberrin Hill has watched generations come and go, becoming a symbol of connection, belonging and local pride. This mural celebrates the natural beauty of our region and the special relationship between our community, our history and the land.

HISTORY

Kellerberrin's story began long before European settlement, with the area holding significance to Aboriginal people for generations. Following the arrival of the railway in the 1890s, Kellerberrin grew into a thriving Wheatbelt community. Landmarks such as the Agricultural Hall, built in 1897, along with the Post Office and local hotel, became important gathering places where neighbours met, businesses flourished and lifelong memories were made. While some of these landmarks, including the historic hotel, have since been lost to time, their stories remain an important part of Kellerberrin's heritage. This mural celebrates the rich history, resilience and pioneering spirit that continues to shape our community today.

SAFETY FIRST:
PASSING ROAD GRADERS

The Shire advises that road maintenance crews are currently undertaking works across the local road network.

PLEASE TAKE EXTRA CARE

Road graders are large machines with limited visibility and significant blind spots.

BEFORE YOU PASS

If you approach a grader from behind, please:

- Use **UHF Channel 38**
- Notify the operator of your presence
- Wait for confirmation before passing

SLOW DOWN

Reduce your speed when approaching and overtaking road maintenance equipment.

WORKING TOGETHER FOR SAFETY

Your cooperation helps keep our operators and all road users safe.
