

Shire of Kellerberrin Tree Planters

Booking

Please ensure bookings for Council's tree planters are to be made through the Shire of Kellerberrin Administration Office as currently we are experiencing problems with returning on time and use when not booked through the office.

Collection / Use

The tree planters can be collected from the vacant block opposite the Shire's depot or alternative arrangements can be approved by Council. The hirer must advise the Shire of any changes to hire dates to ensure the planters aren't already previously booked by another person and to ensure correct invoicing. The tree planters are only available for use within the Shire of Kellerberrin unless approved by Council.

Reporting

Damage/issues needs to be reported to Council immediately so it can be fixed/handled appropriately.
