We are half way through what has been a very unusual year. Season wise the rain has been light on and crops and pasture struggle from shower to shower. However unusually for our Shire the north eastern area is doing pretty well.

COVID 19 has made 2020 a year that's out of the ordinary for all of us. Thankfully with the strong stance of the State Government on border movements and the help of Local Government, WA still has a low infection rate of the virus .We cannot let our guard down or as is the case in Victoria the spread of COVID 19 will result in a reinstatement of social distancing regulations .

Kind Regards

Rodney Forsyth

Shire President

BACKGROUND

Council at its March 2017 Ordinary Meeting of Council discussed the use of Council's status report and its reporting mechanisms.

Council therefore after discussing this matter agreed to have a monthly item presented to Council regarding the Status Report which provides Council with monthly updates on officers' actions regarding decisions made at Council.

It can also be utilised as a tool to track progress on Capital projects.

STAFF COMMENT

This report has been presented to provide an additional measure for Council to be kept up to date with progress on items presented to Council or that affect Council.

Council can add extra items to this report as they wish.

The concept of the report will be that every action from Council's Ordinary and Special Council Meetings will be placed into the Status Report and only when the action is fully complete can the item be removed from the register. However the item is to be presented to the next Council Meeting shading the item prior to its removal.

This provides Council with an explanation on what has occurred to complete the item and ensure they are happy prior to this being removed from the report.

TEN YEAR FINANCIAL PLAN

There is no direct impact on the long term financial plan.

FINANCIAL IMPLICATIONS

Financial Implications will be applicable depending on the decision of Council. However this will be duly noted in the Agenda Item prepared for this specific action.

BACKGROUND

Council's Audit Committee met 21st July 2020 prior to the Council meeting to discuss the interim audit finding with the below recommendation coming from staff;

That the Audit Committee:

- 1. Endorse the findings and management comments to the Interim Audit Report as presented by staff; and***
- 2. Recommend to Council that the findings and management comments to the Interim Audit Report be endorsed***

The Local Government Amendment (Auditing) Bill 2017 brings legislative change to the Local Government Act 1995, providing for the auditing of local governments by the Office of the Auditor General (OAG).

Being engaged by OAG (Western Australia) to perform an audit of the Shire's annual financial report for the year ending 30 June 2019, Butler Settineri have recently completed their interim audit and the findings and Shire management responses are presented for Council's consideration. This marks the fourth OAG audit of the Shire under the new legislation.

KEY TO RATINGS

The ratings in this management letter are based on the audit team's assessment of risks and concerns with respect to the probability and/or consequence of adverse outcomes if action is not taken. We give consideration to these potential adverse outcomes in the context of both quantitative impact (for example financial loss) and qualitative impact (for example inefficiency, non-compliance, poor service to the public or loss of public confidence).

- Significant** - Those findings where there is potentially a significant risk to the entity should the finding not be addressed by the entity promptly.
- Moderate** - Those findings which are of sufficient concern to warrant action being taken by the entity as soon as practicable.
- Minor** - Those findings that are not of primary concern but still warrant action being taken.

1. Procurement practices

Finding:

During our sample testing of payments made throughout the year we noted:

- 2 instances totalling \$435,528 where a tender process was not followed for qualifying expenditure;
- 15 instances where the required number of quotes was not obtained prior to engaging a supplier for goods/services;
- 3 invoices without purchase orders;
- 13 purchase orders were raised after the invoice date;
- 1 instance where an invoice was not authorised by an employee with the appropriate delegated authority; and
- 17 supplier invoices could were not marked with a reference to the supporting PO.

Rating: Significant

Implication:

The Shire has not adhered to the purchasing policy and the Local Government (Financial Management) Regulations. There is an increased risk of favouritism of suppliers, not obtaining value for money and unauthorised goods/services may be purchased and increases the likelihood of financial loss to the Shire.

Recommendation:

We recommend:

1. Tender processes are followed for all qualifying expenditure in accordance with the Shire's purchasing policy and the Local Government (Financial Management) Regulations;
2. Council review the tendering and purchasing process to ensure all future services are procured under valid contracts;
3. Staff are reminded of appropriate procurement policies and practices and ensure purchase orders are raised and appropriately approved prior to goods/services being ordered. In addition to this the amount on the purchase order should match the price quoted by the supplier to be invoiced. Any variations to the quote should be documented and approved prior to additional goods/services being provided by the supplier.

Management's comments:

With regards to the tender process not followed, Council's management doesn't agree with the assessment for the following reasons;

1. Smith Earthmoving – Smith Earthmoving is an approved contractor on a preferred suppliers list that is on a three (3) year contract for the Shire of Kellerberrin and as per the Purchasing Policy a Tender isn't required as these are ongoing various works for the year being;
 - i. Supply Gravel
 - ii. Push up Gravel
 - iii. Carting Gravel

2. WCS Concrete – The supply of materials from this company was quoted and varied from:
 - i. Supply and Lay footpaths
 - ii. Supply and Lay Floodways
 - iii. Supply and Lay Concrete Pads (Caravan Park)

As stated at the audit, two of the floodway were emergency replacements due to failures that occurred and the road had become dangerous and required replacement.

Not all the finding information that has been noted is correct. On review of the spreadsheet provided to Council the 15 instances highlighted, Council officers looked on the file and found all the information that is noted as not being present and one occasion where it advised "Missing PO's for small items) this isn't a requirement under our purchasing policy however it must be recognised that invoices over \$200 had purchase orders so we would like this item reviewed.

With regards to supplier invoices not quoting purchase orders, is it a requirement that we then request a new invoice with the purchase order number on it from the Creditor? Council's staff are aware of the works and the order that it relates to due to the size and nature of our Council. Council cannot control a third party unless it doesn't accept the invoice and then it could lead to further issues with non-payment of invoices within the appropriate time due to the changes being made.

With regards to ensuring the amount is the same of the Purchase Order to invoice, sometimes this isn't possible without modifying the purchase order after the fact which is no different in my view to doing a purchase order after the invoice date? We at time provide an estimate of the works costs to provide the purchase order. Like to see direction from the OAG on this matter.

2. Security access controls

Finding:

We noted that the server and records room are not securely locked and are open to unauthorized access.

Rating: Moderate

Implication:

The server and records room could be accessed by unauthorised persons and sensitive or confidential information could be compromised.

Recommendation:

We recommend that both the server and records room be securely locked when not in use and access is restricted to appropriate personnel.

Management's comments:

The server room is available for access by staff only. The server is locked by a password to ensure it cannot be accessed by anyone.

There is no records room, so not sure what this is referring too, our records are stored electronically and the hard copies are in the compactus which is in the main office area.

Members of the public aren't permitted in the main office area, they only ever access Chambers for public question time or Council's Managers office or meeting room for meetings of which they are escorted by employees.

Responsible person: Mr Raymond Griffiths, Chief Executive Officer

Completion date: 3rd July 2020

3. Monthly Financial Activity Reports

Finding:

Several new accounting standards, AASB 15 *Revenue from contracts with customers* and AASB 1058 *Income of not-for-profit entities* came into effect for the Shire on 1 July 2019 superseding previous accounting standards. During the interim audit we noted the Shire has applied the new accounting standards from May 2020 rather than the effective date of 1 July 2019. We also note there was no evidence to support the monthly financial activity reports had been reviewed prior to inclusion in Council meeting papers.

Rating: Moderate**Implication:**

Non-compliance with AASB 15 and 1058. Monthly financial information used by management or Council may not be in accordance with current accounting standards and the Shire's revenue may be overstated for the financial year. Furthermore a lack of review may result in errors that may not be identified and corrected before presentation to Council which could impact Council decisions.

Recommendation:

The Shire should measure the impact of the application of AASB 15 and AASB 1058 at 1 July 2019 and process appropriate adjustments in the accounts, as well as considering the required disclosures and amended accounting policies that will need to be disclosed in the 30 June 2020 financial report in advance of year-end.

We also recommend monthly financial activity reports are reviewed prior to being presented to Council and evidence of this review is retained by the Shire.

Management's comments:

Council's Management is aware that the Accounting Standards required information to be disclosed as of the 1st July 2019 however wasn't capable at the time to do so. The May 2020 financials incorporated the new information and has been done so from 1 July 2019 therefore bringing Council up to speed with this requirement.

With regards to no evidence to support the monthly activities reports being reviewed prior to inclusion in Council meeting papers, I have never thought that this was a requirement for this to occur. It is a matter of course for Council's management to review the financials on completion.

In addition the financials are reviewed nearly on a daily basis through processing which Managers oversee.

Responsible person: Raymond Griffiths

Completion date:

4. Employment pay rate letters

Finding:

We noted one instance where an employee had received an increase in pay, however there was no correspondence to the employee confirming the increase.

Rating: Minor**Implication:**

The absence of agreed pay rate letters may make it difficult to resolve any potential pay disputes with employees.

Recommendation:

We recommend management ensure agreed pay rate letters are documented in employee files.

Management's comments:

Council has reviewed the employee listed and have found a letter was issued to the employee advising them of the new level they are being paid in 2016 and from this time it is all Annual CPI increments to the current day wage.

9.7 SALE OF INDUSTRIAL LAND, PART LOT 309 TILLER DRIVE

File Ref: ADM
Author: Raymond Griffiths, Chief Executive Officer
Authoriser: Raymond Griffiths, Chief Executive Officer
Attachments: 1. Sale of Industrial Land - Letter & Plans

BACKGROUND

Council's Chief Executive Officer and Manager Works and Services met with Mr Joe Fondacaro on Friday 26th June 2020 to discuss industrial land options for a new business venture for Mr Fondacaro.

Mr Fondacaro advised that Mineral Crushing Services would like to purchase eight (8) acres of land on Tiller Drive that would have Road Train access for the proposed business operations.

Council advised Mr Fondacaro to provide a formal written offer to Council for consideration on selling a portion of Lot 309 (Council's allocated Depot block) as the blocks on the West side of Tiller drive need further sub-division, land development and utility provision which isn't an immediate solution that Mr Fondacaro is looking at.

STAFF COMMENT

Council advised Mr Fondacaro at the meeting of Friday 26th June 2020 that the process to purchase the land including any upgrades required by Council for its power, water or phone as per previous sales with Premium Grains and Great Southern Fuels as per below;

All of the following items are to be complete and at the cost of the purchaser:

- *Sub-dividing of Lot 309 Tiller Drive including clearing of all conditions issued by Western Australian Planning Commission.*
- *Surveying and ground works including fill.*
- *Provision of utility services being phone, water and power to the new sub-divided property including headworks*
- *Any upgrades or additional headworks fees to the remaining lot 309 owned by Council required by Utility suppliers due to sub-division being met by the Purchaser.*

Council during discussion time throughout the past few meetings have been discussing the Depot land at Tiller drive, the expense of relocating and the opportunity to upgrade the current facility with Shed extensions and also the ability to purchase the lot across from the Depot for vehicle storage therefore alleviating the requirement for the big parcel of land at Tiller Drive.

The Tiller Drive property however will be utilised for storage of Council materials being;

- Aggregate
- Gravel
- Sand
- Emulsion.

TEN YEAR FINANCIAL PLAN

Nil known at this time.

FINANCIAL IMPLICATIONS

Council hasn't allocated any funds in the Draft 2020/2021 Budget for income for additional sale of industrial land beyond the sale to Great Southern Fuels.

COMMUNITY CONSULTATION

The following consultation took place;

- Chief Executive Officer
- Town Planner

PLANNING ASSESSMENT

Location of court cover

No major planning concern is raised by the proposed development. The proposal does not seek to reduce car parking requirements and is consistent with the purpose of the reserve (sport and recreation).

Council should take into account the bulk and scale of the development as its eave height of 7m is significant. It is also suggested that vegetation could be put in around the structure to improve amenity of the development.

Overall the proposed development will provide community benefit through its ability to host local sporting and community events in all weather conditions. Furthermore the proposal is consistent with both LPS4 and the Local Planning Strategy.

STAFF RECOMMENDATION

That Council approve the enclosed curved court cover at Lot 260 Connelly Street, Kellerberrin with the following conditions;

General Conditions

- Planning approval will expire if the development is not substantially commenced within two years of this approval;*
- The endorsed approved plans shall not be altered without prior written approval of the Shire;*
- The court cover shall be in a similar colour scheme to existing buildings on the lot;*

Advice Notes

Planning approval is not considered building approval. A building permit shall also be obtained.
